

SNOWMOBILE SAFARI TO A HANGING BRIDGE

Snowmobile Safari to Käsmäjoki hanging bridge takes participants to the midst of a snowy forest. Beautiful snowy trees and the hanging bridge in the forest offer a great escape from everyday life to the silence of nature. There is a modern kota-building in the area where our trained guide will cook coffee over a campfire in a traditional Finnish style. The participants will have time to independently explore a Finnish forest by walking in the surroundings of the kota. This safari departs from Hotel Suomotunturi.
