

NORTHERN LIGHTS HUNT WITH REINDEER

Reindeer are important for the Sami living in Lapland. In the Ylitalo reindeer farm you can familiarize yourself with reindeer by walking them or on a sledge ride. The reindeer are so tame that you can pet and feed them. The program starts with an approximately 1 km long reindeer safari in a quiet wintery forest. After the safari you will enjoy hot drinks and berry cake in a traditional Finnish 'kota' building while the guide tells you interesting stories about reindeer.

The reindeer safaris are in Alajärventie 12, 97895 Mourujärvi (41 km from Suomutunturi). The customer will arrange transfer to the farm. You can ask for an arranged transfer from myynti@suomotunturi.fi
